'99 YTD	268	911	1330	1552	1814	2579

Our current total for January is 2588, with about 25-30 registrations per day. Our total at the end of January will probably be similar to last years.

Newsletter: I am working on the Mar/Apr newsletter and will have it submitted before the conference call. We have not yet received the January/February issue of USMS Swimmer. I was told that it was mailed on Friday, January 8th. This is going to be a significant problem for the Rose Bowl meet, which was not in the Nov/Dec issue. I had no advance warning that this issue was going to be late, I only find out when I start asking where the magazine is due to questions from members. In addition, the publisher tried to move the SPMA newsletter deadline 5-7 days earlier than 2009. I asked if the SPMA newsletter was delaying the delivery of the magazine and was told "no." Then I asked why we were being punished by an earlier deadline, when it wouldn't make a difference in the delivery of the magazine. The deadline has been moved back to the dates similar to 2009, which is generally the 20-22nd of the month.

Top Ten & Records: I am finalizing the Short Course Meters Top Ten and will submit it by the end of the week. I want to thank the SPMA Committee for voting to purchase a copy of the Hytek Meet Manager. It has been a great help in many ways. I use it all the time.

Library: Lending is fairly slow, but I'm starting to get more calls and requests.
