Newsletter: I am working on the July/August newsletter and will have it submitted by the end of the week. I believe the May/June issue will be very late again. Since I have been putting in events far in advance (all the July events are in May/June, for example) it shouldn't cause any problems. The difficulty is that I have to repeat meets in more than one issue and that takes away from space to put articles and other non-competition stuff.

Top Ten & Records: We have a potential problem with the UCLA meet. They ran out of timing tape for the 100 free, which was the last event. They have the tape now, but are not able to get the races off the timing system. Two USMS records were set in the 100 free and won't be able to be submitted without the timing tape.
