

SPMA Top Ten Recorder January 2011 Report

I've received all the paperwork from all of the SCM meets except for the Oct. 3 Mission Viejo meet.

Record applications from all SCM meets except the SCM Championships have been submitted. The record applications from the SCM Championships are waiting for approval from the referee. There were 31 record applications from that meet.

In putting together the SCM Top Ten report for SPMA, the following relays are invalid for Top Ten:

From the Santa Clarita meet of Nov. 7th:

Mixed 120+ 200 Free Relay 3:22.97 SCMC. It has Kayla Edgar who is Unattached.

Mixed 120+ 200 Medley relay 4:26.42 SCMC. Also has Kayla Edgar, unattached.

Mixed 120+ 200 Free relay 2:30.04 TSTT. It has Helene Hirsch who was registered with MTAC.

Women 160+ 200 Free relay 2:42.10 BGWM. It has Lisa Williams with CLOV.

Women 160+ 200 Medley relay 3:10.92.BGWM. It also has Lisa Williams.

Mixed 160+ 200 Free relay, 2:00.12 SCMS. Had 3 men and a lady.

From the Turkey Shoot meet of Nov. 21

Mixed 200+ 400 Medley relay 6:28.64 CVMM. Had 3 men and a lady.

From the SCM Championships on Dec. 4&5

Men's 100+ 400 Free relay 4:04.14 NOVA. Has Jan Tichy who is UNAT.

Men's 72+ 200 Medley relay 2:08.95 NOVA. Also has Jan Tichy.

One difficulty that I am running into is knowing whether or not swimmers register with USMS at a meet. If the paperwork from a meet is sent/given to the registrar after the meet, the registrar needs to know if the registration took place at the meet. Otherwise their registration date is showing up as being after the meet, which makes them look invalid for that meet.
